What We Know About Alzheimer's. This PowerPoint/DVD presentation will serve to introduce us to the disease itself. What have we learned about the disease over the 105 years since its first identification by Dr. Alois Alzheimer in 1906 . . . and especially in the last 27 years since the formation of the Alzheimer's Disease and Related Disorders Association in 1980.

Understanding Alzheimer's. Do you know someone who has been diagnosed with Alzheimer's Disease? This PowerPoint/DVD presentation will provide us with a better understanding of how to support and encourage a loved one or friend with Alzheimer's. We will briefly present the *Habilitation Approach* developed by Joanne Koenig Coste in her book, *Learning to Speak Alzheimer's* (New York: Mariner Books, 2004).
